Section 1 – Introduction

This directory provides a list of Blue Medicare Advantage’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your Prietary Care Physician/Provider (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

A PCP is a doctor who is a family practitioner, internist or geriatric physician trained to provide general medical care. To receive benefits, the PCP you select provides or manages your health care. The PCP also helps you make informed decisions about your care and when necessary makes referrals to specialists, generally within your medical group network. Each referral is authorized for a specific number of visits or time frame (up to one year).

If you require medical care beyond the scope of your PCP, the PCP will coordinate with providers most appropriate to render the medical treatment. It is important to note that the PCP belongs to a network. The PCP has certain network specialists and hospitals that they use for coordinated specialty, diagnostic and hospital medical care. The specialist and hospitals that the PCP may refer you to will be within the PCP network affiliation.

If you choose to go to a doctor outside of the Blue Medicare Advantage network, you will have to pay for these services yourself. If you need a type of service that cannot be provided by an in-network provider, you must obtain prior authorization before getting the service. Your PCP will coordinate the prior authorization with your affiliated Medical Group. If you are out of the Blue Medicare Advantage service area and need urgent care or emergency care, you should go to the nearest provider without regard to its network status. You do not need prior authorization to seek medical help in an urgent or emergency situation. The physician treating your emergency needs will discuss your condition with your Primary Care Physician. When your condition is stable the physicians will coordinate the transfer of your care back to your Primary Care Physician network.

What is the service area for Blue Medicare Advantage?

The counties in our service area are listed below.

- Cook
- DuPage
- Kane
- Will

How do you find Blue Medicare Advantage providers in your area?

The directory includes hospitals, physicians and other providers participating in the Blue Medicare Advantage network. Please refer to the Table of Contents for section names. Each section is organized alphabetically by city.

Within each city, the city and/or physician names are listed in alphabetical order along with the address and phone number. For the most updated Blue Medicare Advantage provider information, please visit our Provider Finder at www.mybluemapd.com/providers/il.

While every provider listed in this directory is affiliated with or employed by a contracting medical group, not every provider listed will be accepting new patients. Although Blue Medicare Advantage has identified those providers who were not accepting patients at the time this directory was created, the status of any physicians practice may have changed. For the most current information regarding the status of any physician's practice, please contact either the physician or the medical group you have selected at the phone number listed in this directory.

Changing your PCP or Medical Group is easy.

To ensure that you are comfortable with your choice of doctors, you may change your medical group or PCP for any reason.

To change to another PCP, simply call the Blue Medicare Advantage Plan at 1-877-774-8592. You can begin to see your new PCP the first of the following month of your request. A change of PCP cannot be retroactive.

If you have questions about Blue Medicare Advantage or require assistance in selecting a PCP, changing a PCP or Medical Group, please call our Customer Service Department at 1-877-774-8592, 8 a.m. – 8 p.m., local time, 7 days a week. TTY/TDD users should call 711. Or, visit www.mybluemapd.com/providers/il.
